

Solution Organizer

Desired Goal: Looking at your Solution Group's (SG) varied problems, the achievement of what goal would work to solving your problems?

Participants:

Visible Causes: What causes of your problem are clear for people with a basic understanding of the issue?

Effects: What are the **specific** effects of the visible and invisible causes listed to the left?

Invisible Causes: What causes of your problem require a deeper and more complex understanding of the issue?

Attempted Solutions: What is or has been attempted to solve the problem(s) your SG is researching?

Effects: What effects have those attempted solutions had on your problem(s)?

Missing Solutions: What solutions are missing or should be attempted to solve the problem(s) your SG is researching?

Missing Participants: What people or organizations are needed to bring about the missing solutions?
